

AODA at Blue Mountain

AODA stands for Accessibility for Ontarians with Disabilities Act and was created in 2005. It includes both visible and non-visible disabilities. Today 15.5% of Ontario's population has a disability! The government of Ontario has developed mandatory accessibility standards that identifies, removes and prevents barriers for people with disabilities. The goal is to become fully accessible for people with disabilities by 2025.

Here at Blue Mountain, we strive to give every guest an unforgettable experience during their visit. We are also committed to giving people with disabilities the same opportunities to access our goods and services.

We offer everything from adaptive skiing lessons, our lifts are capable of accommodating sit skis and outriggers and our gondola accommodates wheelchairs. Our public washrooms are accessible and we have designated disabled parking spaces located at several locations across the resort. Furthermore, we have several hotel accommodations that have been adapted for accessibility. These units include a more spacious layout for wheelchair maneuverability as well as support bars in the bath tub and for the toilet.

AODA Accommodation at Blue Mountain

We have 7 units in the village, 4 units at the Inn and 3 at Mosaic that are wheelchair accessible.

These range from open concept rooms to

2 bedrooms.

NOTE: The 3 Mosaic Units are the only ones that have roll in showers in the village area.

The 7 units in the village include bathtubs with support bars and bars for toilet as well.

The units at the Inn do include a roll in shower with a built in seat.
